My guess is that he wants something less than the oil change interval for DEF refill. They are always welcome to submit a new request to us (I can explain that process to you but see the Jan 5th FR Notice I just sent) or they can also comment on the new proposed rulemaking. But, I am just guessing....

David,
I just left Michael a voicemail. I have worked with him before. Hopefully, I can answer all of his questions.

Regards,
Chris

Bill -

Good to speak with you today about a possible meeting with Michael Scott next week. My understanding is that Chris Nevers (EPA's certification representative for Mercedes) will be speaking with Michael to address any issues. If any questions remain then I can always be reached by phone in consultation with Chris Nevers.

I am attaching the 1/5/12 FR Notice along with the recent proposed rule that touches on this topic.

David,

A representative from our Sprinter Van group will be in DC June 7th.
Are you available to meet with him to discuss SCR and service interval requirements?
